3.1.5 Extent of the unit of description (quantity, bulk, or size)

**PURPOSE:**

Optionally, where the unit of description is a record-keeping system (or part thereof) in active use, show

If additional information is available in a published source, cite the source.

For persons or families: record information such as full names and titles, dates of birth and death, place of birth, successive places of domicile, activities, occupation or offices, original and any other names, significant accomplishments, and place of death.

**Examples:**
Louis Héron was a French writer born at Brest, France in 1880. He died in Canada at Chapleau (Ont.) in 1913. He studied law at La Sorbonne in Paris. He spent eight years in England before going to Canada in 1911, where he lived in Montreal and on a farm at Penobscot (Lac Saint-Jean). In his short career, he wrote several books and articles. Héron is famous for: *Mara Chapdelaine : rilet du Canada français*, published for the first time in 1916.

For corporate bodies: record information such as the official name, the dates of existence, enabling legislation, functions, purpose and development of the body, its administrative hierarchy, and earlier, variant or successive names.

**Examples:**
The Freedmen's Bureau was established in the War Department 3 Mar. 1865, to supervise all activities relating to refugees and freedmen and to assume custody of all abandoned or confiscated funds or property. Abolished 10 June 1872, and remaining functions transferred to the Freedmen's Branch, Office of Adjutant General and after 1879, to the Colored Division of the Office of Adjutant General.
The Kingston Steam Trawling Company was incorporated in 1891. Hellyer Bros acquired a majority shareholding in 1917 and the company was absorbed into Associated Fisheries when Hellyer Bros merged with that company in 1961. It ceased trading in 1965 and was dissolved in 1972.

La société ardoisière de l'Anjou a été constituée le 16 juillet 1894 par quatre actionnaires dans le but d'acquérir et d'exploiter plusieurs carrières en Maine-et-Loire (Trelazé et Noyant-la-Graveyron) et dans la Mayenne. L'acquisition des ardoisières de Renazé s'est étalée sur quatre ans: propriétaire de la carrière d'Ensaultères et actionnaire majoritaire de la Société de Laubinière (1894); propriétaire des ardoisières de la Touche et du Frasne (1895); propriétaire de Laubinière (1897). Victime de la concurrence espagnole vers 1960, la société ardoisière de l'Anjou a fermé son dernier puits à Renazé le 31 décembre 1975.

3.2.3 Dates of accumulation of the unit of description

**PURPOSE:**

To supply date(s) of accumulation of the unit of description (e.g., series, file) by its creator.

**RULE:**

Give the date(s) of accumulation of the unit of description by the creator (or creators) as a single date or a range of dates. The date or dates recorded here refer to the record keeping actions of the creator (or creators) and may not undate the date of establishment of the creating corporate body (or earliest creating corporate body) or the date of birth of the creating individual (or earliest creating individual). These dates may differ from the dates recorded at creation of the material in the unit of description in cases where the unit of description resulted from an activity involving accumulation of documents created prior to filing by the creator (or earliest creator), such as documents accumulated from a variety of sources during an investigation or legal action.

**Examples:**

1917-1919

(The New York State Joint Legislative Commission to investigate seditious activities operated and accumulated records from 1917 to 1919. The actual dates of the records within the series, however, are 1900-1919, reflecting the creation of the original documents collected as evidence in the commission's investigations.)

*Optionally,* when the unit of description is acquired directly from the creator, do not record a custodial history but rather, record this information as the *Immediate source of acquisition.*

(See 3.2.5)

**Examples:**

The Ocean Falls Corporation records remained in the custody of Pacific Mills Ltd., and its successor companies, until the mill and townsite were taken over by the British Columbia provincial government in 1973. In 1976 the records were transferred to the Ocean Falls Public Library, which began the rearrangement of the records in their current form. Originally collected by George Madison and arranged by his nephew, John Ferris, after Madison's death. Purchased by Henry Kapper in 1878 who added to the collection with materials purchased at auctions in Philadelphia and Paris, 1878-1893.

Le fonds de l'exploitation de Renazé comprend, probablement depuis les années 1895-1897, deux fonds d'entreprises absorbées: ceux de la société ardoisière de Laubinière et de l'ardoisière de la Touche, établissement Bourrat et Cie.
